FR-ENCO

Stylized indoor protective enclosure with brushed aluminium or stainless steel face plate

Ideal for Digital Signage and AV applications where appearance matters. It has the protective and installation characteristics of the FRC Series. This protective enclosure is made of aluminum, it is lightweight and easy to install. It is equipped with a shock-proof polycarbonate glass and fan to ensure efficient air circulation. The monitor requires no additional hardware to mount the monitor within the enclosure and the enclosure can be mounted flush to the wall using the back panel of the FR-ENCO enclosure. However, if you want to mount with any standard VESA mount that can be done as well. Available in metallic grey, black or white (custom colors optional).

ENCOVER SERIES LCD INDOOR ENCLOSURE
